

Where do I find the data to connect to the FTP server?

Artikelnummer: 2908 | Waardering: Nog geen waardering | Laatst bijgewerkt: Fri, Sep 20, 2013 2:04 PM

You need this data for instance to upload your website files to the server. We collected all useful information in our easy-to-use MyAccount control panels.

1. Go to MyAccount
2. Click "Shared Hosting" left in the menu bar.
3. Click the reference of your hosting package.
4. Click "FTP Users" in the action bar.
5. Here you will find your ftp address and user controls.
