

How can I connect to my MS SQL 2012 database via SQL Management Studio?

Article Number: 2922 | Rating: Unrated | Last Updated: Mon, Oct 7, 2019 5:38 PM

You can establish a connection to your MS SQL 2012 database through SQL Management Studio.

For the server name enter: **SQL3.HostedSQL.be**

Type of authentication: **SQL Server Authentication**

Login: Your database login name

Password: Your database password

Then click '**Options**' and go to the '**Connection Properties**' tab.

Enter the database name in the '**Connect to database**' field

Select '**Connect**'
