

Can I install my own software on the server?

Article Number: 654 | Rating: Unrated | Last Updated: Mon, Jun 4, 2012 11:25 AM

Yes, you can install all the software you want that is compatible with your server. You can also ask our support to insert a CD/DVD on a specific day (for a small fee). This allows you to install software without having to upload a lot of data to your server.
