

## Can I run ASP.NET on a Linux Dedicated Server?

Article Number: 660 | Rating: 5/5 from 1 votes | Last Updated: Mon, Jun 4, 2012 11:15 AM

You can configure support for ASP.NET on your uw Linux server.

See also <http://www.mono-project.com>.

**We do not offer any support in this**, but you are always free to instal this on your server.
